AUR40216 Certificate IV in Automotive Mechanical Diagnosis

Those undertaking the Certificate IV in Automotive Mechanical Diagnosis must have completed an automotive mechanical Certificate III qualification or be able to demonstrate equivalent competency.

This qualification provides a pathway to work as a Automotive Master Technician.

Covid-19 Variation to Delivery and Assessment Strategy

Additional entry requirements:

- Student must have access to working PC or laptop with a configuration suitable to meet study requirements. Please seek your trainer/assessor assistance in this regard.
- Student must have sound digital literacy and access to working internet.
- Student must be able to attend scheduled theory and practical classes (if schedule during Covid-19 is varied from original schedule)
- Practicals for students must complete their practicals in Melbourne College of Business and Technology. kitchen facilities or as advised otherwise. Where students are required to come to campus or kitchen, and use the available facilities and resources, they should be advised of the date and time of the delivery and assessment, where they are required to visit the campus and/or kitchen and complete their assessment requirements in the compliant way and in accordance with Standard 1.8 of SRTO 2015. Melbourne College of Business and Technology. would not be allowing more than 4 learners (or one group, whichever is less) in the class ensuring 4 sqm social distancing is maintained.
- Melbourne College of Business and Technology. will make all possible efforts and aim to secure workplace arrangements for all enrolled students, however efforts and input from students are highly appreciated and self-arrangements may also be required during this Covid-19 outbreak.

During COVID-19 (coronavirus) outbreak, Melbourne College of Business and Technology. will use a flexible delivery mode for training and assessment, providing training package requirements allow for this. We would ensure that all regulatory requirements are met with as little disruptions possible. As circumstances change and restrictions are eased, these temporary arrangements will be reviewed, and enrolled students will be notified accordingly. Melbourne College of Business and Technology. aims to review any changes in circumstances before commencement of each term so that it has least possible impact on students and course delivery.

Melbourne College of Business and Technology. will seek student's consent of online delivery and assessment (where possible) prior to their enrolment during this Covid-19 outbreak. We are fully committed to remain transparent on the mode of delivery, resources available to students, methods of assessment and how any practical components will be managed. We ensure that:

- Students are treated fairly and reasonably.
- Any adjustments to courses are transparent and communicated clearly to students.
- All adjustments to course delivery, the process for informing and seeking students' consent, and information relevant to individual students is documented and retained.

Orientation:

New student Orientation will be done via phone, e-mail and zoom. New students will receive an e-mail and call from the Admissions department on the Friday, prior to their date of commencement with all necessary further information and instructions.

Classes

During Covid-19, Melbourne College of Business and Technology. will transition to an online learning environment, this means there will be no face to classes running, unless required to be in simulated environment specifically in class; or covid-19 restrictions are eased and/or state government allow to return to full onsite learning. If any student require assistance with their online learning environment, student will notify their trainer and assessor where trainer/assessor will provide them with further guidance.

Online options

The online learning environment will be supported by a range of resources that will vary between units but may consist of learning summaries, video recordings or YouTube videos, and extra documents to aid student's learning. All training staff will be available online at scheduled class times to guide and support the student through their studies. The online learning environment will be available through using Zoom.

Assessment

Assessment tasks will vary for each unit of competency, but some of these may be moved online. Some assessment tasks may also be delayed or deferred to a later date pending the situation with COVID-19. The trainers are required to communicate with students for unit specific information. The best way to do this is through Zoom or through email.

Support

All staff at Melbourne College of Business and Technology. will continue to work and will continue to provide the students with the support any individual may need. The student will be remained connected with each trainer/assessor through regular class participation to assist them continuing their studies. Melbourne College of Business and Technology will also provide online academic and language support and student support staff are always here to help.

Pathways

Once students have successfully completed AUR40216 Certificate IV in Automotive Mechanical Diagnosis, they can apply for jobs within the automotive industry which can include Performance Vehicle Technician or Automotive Master Technician.

The further study pathways available to students who undertake this qualification include:

- AUR50116 Diploma of Automotive Management
- AUR50216 Diploma of Automotive Technology
- Other Diplomas from other training packages.

Course Structure:

A total of 10 Units (1 Core and 9 electives) must be completed and deemed competent to achieve the qualification AUR40216 Certificate IV in Automotive Mechanical Diagnosis. Participants who achieve competency in any unit/s will receive a Statement of Attainment (provided USI is verified) for that unit/s without completing all 10 units in the qualification. Students completing all the required units of competency will attain full qualification.

Code	Title	Core/ Elective
AURTTA021	Diagnose complex system faults	Core
AURETR037	Diagnose complex faults in light vehicle safety systems	Elective
AURLTB104	Diagnose complex faults in light vehicle braking systems	Elective
AURLTD109	Diagnose complex faults in light vehicle steering and suspension systems	Elective
AURLTE104	Diagnose complex faults in light vehicle petrol engines	Elective
AURLTE105	Diagnose complex faults in light vehicle diesel engines systems	Elective
AURLTX104	Diagnose complex faults in light vehicle transmission and driveline	Elective
AURTTA125	Diagnose complex faults in vehicle integrated stability control systems	Elective
AURTRR101	Diagnose complex faults in engine management systems	Elective
AURAEA004	Manage environmental and sustainability best practice in an automotive workplace	Elective

Assessment Methodology

Assessment methods used for this qualification are varied and will provide a range of ways for individuals to demonstrate that they have met the required outcomes. Assessment methods may include:

- Written questions
- Projects
- Presentations
- Report writing
- Role plays/observations
- Workshop assessment
